Hi Judy,

It was going seeing you at the All States meeting yesterday and today.

Yesterday we talked about the work that EPA is contracting with our Superfund START contractor. We are having an Interim Measure Corrective Measure Study/Cost Analysis (IMCMS/CA) report done. Based on the timeline in our TO, START will have this completed by the middle of October. We wanted to let you know this so that you could account for it in any timeline that you were developing for the PECFA activities going forward.

Please let me know if you have any questions.

Sherry
